Creating an article level link to Academic Medicine

If you have any problems, please contact Rienne Johnson, Reference Librarian, rjohnson1@neomed.edu, 330-325-6602.

Article Title: Teaching Medical Students How to Teach: A National Survey of Students-as-Teachers Programs in U.S. Medical Schools, November 2010.

Locate Academic Medicine in the Library’s online catalog:

Search the title “Academic Medicine” from the title search.
A menu of titles will display; select “Academic Medicine” from the list.

The record that displays has a link to connect to the electronic resource.
Connect to Academic Medicine by clicking on the link for off-campus access; you will need to authenticate. You must be registered in the library’s patron database to authenticate.

Enter your last name and your first name. Enter your library ID number, which is your Banner ID number. Click on SUBMIT and you will be taken to Academic Medicine.

You will be directed to this page... the Table of Contents for Academic Medicine. Find the volume/issue you need using the Journal Issue List (you will have to scroll down the page to view the Table of Contents).
Scroll down the contents list for this issue and find the article you need. Click on Ovid Full Text.

On the right side of the page displaying the full text there is a box labeled Article Tools. Click on Email Jumpstart and a pop-up appears with the URL you will use in your AIMS link.
You can copy and paste this link directly to your AIMS file, or you can e-mail it to yourself and copy and paste from the e-mail.
