Article Level Link in Lexis-Nexis

If you have problems at any time, please contact Rienne Johnson, Reference Librarian, rjohnson1@neomed.edu, 330-325-6602.

Log in to Lexis-Nexis through the library catalog.

Use the off-campus link and authenticate.
Use the Advanced Search to locate articles.
Put in additional information about the article (e.g. author, title, publication date) to build the link. Less is more, but always include the date, if known.

Select the article title, if presented with a list.

On the following screen, select the clipboard with the hyperlink in the upper-right corner.
You’ll see the following pop-up.
