Pharmacy Library – Instructor Access

APhA’s Pharmacy Library offers instructors access to exclusive resources including:

- Active Learning Exercises instructor view. The instructor view includes rubrics, answer keys, teaching pearls of wisdom, downloads, and more.
- PharmacotherapyFirst Faculty Materials: tips on modifying existing cases and an extra SOAP note for each disease.
- Case study answer keys. These are found in the supplementary materials tab for each case study that has available answers.
- PowerPoints and instructor guides for the following books: The Handbook of Nonprescription Drugs, Pharmacy Ethics, Medication Errors, Building Core Competencies in Pharmacy Informatics, Cultural Competence in Pharmacy Practice, and Spanish for the Pharmacy Professional.

To receive instructor access:

1. From the NEOMED library’s homepage select the Pharmacy Library link. Select the appropriate link for access on or off campus. If you are off campus you will be asked to authenticate with your library ID number.

2. Click on the Sign in to your personal account/Register link at the top right the homepage.
3. Sign in using your APhA account. If you do not have an APhA account, follow the instructions to create an online account. You do not have to be an APhA member to create an account or access the instructor materials. If you already have an APhA account, please log into PharmacyLibrary using that account and contact APhA at pharmacylibrary@aphanet.org.

4. After you have done this, please contact APhA (pharmacylibrary@aphanet.org) requesting instructor access. APhA staff will verify your request and enable instructor access within two business days.

5. Once you receive verification that instructor access has been granted, you may access all the materials available for instructors.
